Paper 2

Practical

2 Hours

INSTRUCTIONS TO CANDIDATES:

*This paper consists of **one compulsory** item. Answers to this item are to be written in the spaces provided. Use **blue** or **black** ink. All working must be clearly shown.*

*Mathematical tables and silent nonprogrammable scientific calculators may be used. You are **not** allowed to use reference books (i.e. textbooks, booklets). Candidates are advised to carefully read the item, make sure they have all the apparatus and chemicals they may need and then plan appropriately before starting.*

You are provided with;
Substance C which are Potassium Nitrate crystals.
BA₁ which is distilled water.

(a).Design an experiment you would carry out to investigate how true the instructor's assertion was.

This image shows a full page of white paper with horizontal dotted lines. The lines are evenly spaced and run across the width of the page, providing a guide for handwriting or typing. There are no margins, text, or other markings on the page.

This image shows a full page of a document template. It consists of a series of evenly spaced, horizontal grey lines running across the entire width of the page. The lines are thin and light in color, providing a guide for writing without being distracting. There are no margins, headers, footers, or other markings present on the page.
