### Item 1

Sheeba is planning to open up a supermarket in her name in Masaka city. She has been advised that for it to operate effectively, all legal formalities have to be strictly followed and she is scared of such a requirement due to limited awareness.

She also needs guidance on the plan that will help her to remain focused during business operation.

#### Task

- (a) Use your entrepreneurship skills to solve the challenge Sheeba is facing in the scenario.
- (b) Guide Sheeba design the tool that will make her remain focused in business operation.

### Item 2

Meet Alicia, a dairy farmer who has decided to diversify her business by starting a milk processing plant. She has also started producing high quality cheese, butter and ghee using milk as a raw material. Alicia's farm currently produces 500 litres of milk per week and she plans to use milk as the raw material. She owns an old vehicle which she plans to replace and buy a new one, but does not know how to get a better one.

She uses only a sign post near her farm which has not given enough information to her customers about the existence of the farm.

#### Task

- (a) How has Alicia benefited from starting a milk processing plant and producing other related milk products mentioned in the scenario?
- (b) How can Alicia solve the challenges in the scenario.

### ITEM 3

Meet Tracy, the owner of chain link restaurant with three branches in Mbarara town. Despite its good locations and extensive menu, the restaurant has tried to capture a market share but in vain.

The restaurant faces several risks such as high competition, theft of cash by employees, expiry of food etc.

The restaurant also exploits staff by demanding long working hours, has unhygienic practices, make false claims about menu items, has unpaid taxes, files inaccurate Returns and tax records among others.

This has resulted into low customer loyalty and big financial struggle.

#### Task

- (a) Advise Tracy on the implication of tax compliance issues.
- (b) Help Tracy to solve the:-
  - (i) Un ethical behaviours in her restaurant.
  - (ii) Risks in business.
