Uganda Certificate of Education

HISTORY AND POLITICAL EDUCATION

EXAMINATION ITEM 1

In areas of eastern Uganda especially in the Elgon Mountain ranges, there existed landslides that resulted in loss of life, destruction of property and displacement of the villagers who decided to settle in other districts. However, after 5 generations, the descendants of the people that used to live in this village have returned and are deeply interested in finding about their past. You think you can help the descendants to achieve their objectives

TASK

Prepare the information to present to them?

EXAMINATION ITEM 2

A certain school in Kampala Uganda organized an educational trip for a certain class to tour Western Uganda in Kasese district with a reason to see how some animals are similar to human beings. Unfortunately, their trip ended with no clear observation as learners failed to reach to Queen Elizabeth National Park where they were to see these animals physically and observe how these animals behave. Learners of this school tried to see some animals but they were too far from where they were. However, their teacher of History and political education had already told the learners that human beings come from such animals. Despite the fact that their teacher told them that animals behave like human beings, the religious leaders of the school refused to accept this claiming that God is the one who created human beings. You think you can help the religious leaders.

TASK

Prepare detailed information for the religious leaders?

EXAMINATION ITEM 3

The River-Lake Nilotes are spread in different parts of east Africa. Unfortunately, they have not been welcomed by the Bantu communities who base on the history of the River-lake Nilotes fore fathers to judge these River-lake Nilotes negatively. The modern River-lakes Nilotes however have tried to defend themselves that if the River-Lake Nilotes fore fathers had not come, today's Uganda and east Africa at large would have missed a lot. You think there is need to defend the argument of the River-Lake Nilotes.

TASK

Write an essay defending the River-Lake Nilotes in the scenario?
