

James Bato went to Namasagali College for his O and A level. He joined Makerere University from 1990-1993 and pursued a BSc (Hons) in Chemistry/Biochemistry, did a P.G.D.E (MUK) IN 1994. In June 2010, he was selected by JICA as a "super science" teacher to attend a course in "Construction Assessment" and "improving student performance through assessment conduct at SEAMEO-RECSAM, Penang, Malaysia.

He has taught in Namasagali college (89-90), Makerere College School ( school practice), Christ the king kalisizo (94-98), Busoga College Mwiri (98-2013), He is currently stationed at Kitante Hill School as a Deputy Head teacher and active in the classroom. He is currently enrolled at Kyambogo University as a student pursuing a Master's in Education Policy, Planning and Management.

His teaching experience involves working closely with assessment bodies, a Regional Trainer Chemistry (SESEMAT Kampala Region), a Master Trainer NCDC for the New Curriculum, he was a Covid 19 teacher at UBC (Radio and TV lessons).

It's with that vast and enriched experience that he has come up with  
-A CHEMISTRY PRACTICAL COMPANION" for the New Secondary Curriculum.  
-THE CHEMISTRY ELEMENTS OF CONSTRUCT  
-ITEM AND RESPONSE APPROACH TO CHEMISTRY NLSC
