Joan gave birth to a baby boy three years ago and weaned him at his first birthday. She decided to put him on a special diet of her preferred food items. Unfortunately, the child now looks like one year old and Joan is confused and does not know what to feed her baby on to look like his age mates. Solutions P and Q provided are samples extracted from Joan's food items she has been feeding the child on.	
Task:	
Carry out investigations on the food samples P and Q and use findings to advise Joan.
